TABLE OF

INTRODUCTION

VISION

To be a prominent public sector university in the South Asian region, recognized for its global perspective, diverse and supportive learning environment, having international reputation in research and creative discovery emphasis on leadership development.

MISSION

The University of Peshawar (UoP), a future-oriented and unique institution is committed to achieving excellence in undergraduate and graduate education, research and public service. The UoP provides superior and comprehensive education opportunities at the baccalaureate through doctoral and special professional educational levels. The University contributes to the advancement of society through research, creative activity, scholarly inquiry, and development of knowledge. The University preserves and promotes arts, benefits the nation's economy, serves the citizens through public programs and is dedicated to the production of quality human resources for the knowledge-driven development of the country.

GOAL

To love and to serve the entire creation of the Creator.

VICE CHANCELLOR'S MESSAGE

The University of Peshawar stands as the cornerstone of education in this region, playing a vital role in its development and intellectual growth — a mission that continues to thrive. I feel privileged to have had the opportunity to study, teach, and now lead this esteemed institution. As higher education evolves, so too must our strategies to equip the next generation for the challenges of the future.

At the University of Peshawar, we are committed to advancing both ancient sciences and contemporary knowledge. Our dedicated and experienced faculty is tirelessly working towards this goal. We aim to create an environment and provide facilities for our students that mirror those found in leading institutions around the world. To achieve this, we will maintain close collaboration with government bodies, educational institutions, and our alumni network, enhancing our connections with national and international organizations focused on education and research. We are also dedicated to creating practical training opportunities for our youth.

Currently, universities across the country are grappling with financial challenges, and the University of Peshawar is no exception. With over 20,000 students and a large staff, the impact of inflation and limited financial resources has been significant. We will prioritize working with the government to address these issues.

The University of Peshawar boasts one of the most beautiful campuses globally, offering a vibrant academic and residential atmosphere. We are committed to enhancing this environment and providing even more facilities for our students. Our students are our greatest asset, and we strive to offer comprehensive academic, research, residential, and extracurricular support. We will revitalize student societies and promote healthy activities and initiatives. Additionally, we will implement measures to foster a safe campus environment, steering students away from drugs and other harmful behaviors.

We seek the support and collaboration of parents in this endeavor, as together we can make a significant impact. My aspiration is to restore the prestige of this alma mater and elevate it to the ranks of world-renowned universities.

Prof. Johar Ali, PhD
Vice-Chancellor
