PREAMBLE

University of Peshawar is a prestigious public sector University of Pakistan recognized as a place of grooming students for education and research throughout Khyber Pakhtunkhwa. Since its foundation dated 30th October 1950, its constituent schools, colleges, departments and centers of excellence have worked in consolidation to meet the noble cause of education. The emergence of University College for Boys took place on 27th July 2010 when Islamia College Peshawar was upgraded to a public sector University in 2009. Since then, the college has played a key role in promoting quality education up to its entire potential and excellence.

As part of the huge educational setup at the University of Peshawar, 15th Academic Session of the college is going to proceed. It is a fact that HSSC is an inevitable grade of promotion for any graduate study program. For this purpose, the teaching faculty and administration of the college fully concentrate on the students to develop their technical and interpersonal skills in their respective disciplines, to equip them to fight challenges facing them in the future. In this way, the noble cause of education can be served in a true sense. With such a remarkable determination to build up the nation and serve humanity, the college will be hopefully a mark of pride for alumni and the entire nation.

MISSION

- The college believes in educating its students with remarkable excellence and glory.

University of Peshawar is one of the most established institutions in Pakistan. Being the biggest and oldest university of Khyber Pakhtunkhwa, it offers immense educational and research opportunities; and at the same time, faces daunting challenges. While we are aware of the extreme significance of education for the people of this province, we also keep a vigilant eye on the needs and requirements of the local and global markets. We try our best to address our social, academic, cultural, and economic problems in a befitting manner.

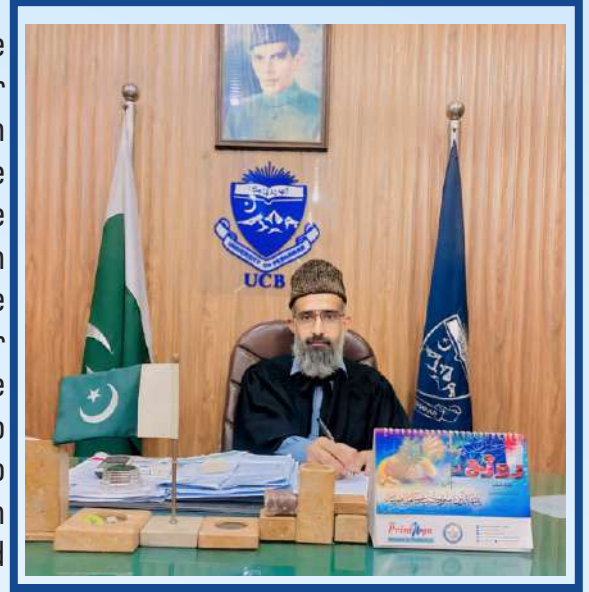

Our teaching faculty and researchers always remained proud of their excellence in teaching and high standards in research. They have been actively involved in training students since the establishment of this alma mater and this is a matter of pride for all of us. We are confident that they will take our beloved university further to the height of its success in the current highly competitive circumstances. We would love to provide to our teaching faculty and staff the very best available resources and do away with the existing economic constraints. We believe that our teaching faculty; our staff; and our students have the talent and the potential to play important role to change the socio-economic conditions of our community for the better.

Modern trends in the field of Science and Technology make new demands of universities. Higher education is not only about the sharing of knowledge anymore; it is also about the creation of knowledge and its application for the socio-economic uplift of community. A major aim of the application of knowledge should be the creation of job opportunities for people of the region. We have to strengthen our focus to gradually shift from being a consumer society to a producing society. We have to reach out to the community around us and think of ways to interact with them professionally. We also have to be aware of how to go along with the international community. We cannot perform effectively without collaboration with our professional and academic counterparts within the country and abroad. Let us make a firm resolve to strengthen this university further.

Prof. Qazi Muhammad Naeem, PhD
Vice-Chancellor

It is my utmost pleasure that you are desirous to study at the University College for Boys, University of Peshawar for your next step in education. My dear students, University College for Boys, University of Peshawar is a mark of pride in promoting quality education since its foundation on 27th July 2010. This is the right time to be prepared for all round development of your personality and character. Etiquettes are enormously essential for such developments to achieve excellence. There is no shortcut to excellence rather it is a consistency of effort which lead you to the attainment of your goals and success.

Our students! Although success and qualification are inter-related, it is important to recognize that success encompasses much more than academic qualifications alone. Success is a journey that involves personal growth, the development of strong character, and the cultivation of a resilient and determined mindset. It requires you to be proactive, to seize opportunities and to learn from both your achievements and setbacks.

As you embark on this new chapter at the University College for Boys, University of Peshawar, remember that every effort you make, no matter how small, contributes to your overall development. Engage actively in your studies, participate in extracurricular activities, and embrace the diverse experiences that university life offers. Build strong relationships with your peers and mentors as these connections will support and inspire you throughout your journey.

Furthermore, always strive to uphold the values of integrity, respect and empathy. These qualities will not only enhance your personal and professional life but also positively impact the community around you. By consistently putting in the effort and maintaining a positive attitude, you will pave the way for a successful and fulfilling future.

Syed Jamal ud Din
Principal
University College for Boys
